Mike,

I just wanted to follow up and let you know the SLO informed me today they have no issue with the communization agreement but it will not be signed by the Commissioner until we have an Pooling Order from the Division. Will a letter from the SLO reflecting receipt of notice of the hearing and the status of the communization agreement suffice for the record in this regard?

Thank you very much!

Beth

Beth and Jordan:

Is case 15621 a contested case?

If it is contested, does a pre-hearing conference need to set -up?

Has Opal Resources contacted everyone in the mineral estate? Based on a quick look at NMSLO website, the NW/4 NW/4 of Section 32 is State minerals. Your notification does not list them.

Further, the OCD will require testimony by Opal of how the SW/4 NW/4, and W/2 SW/4 will be developed.

Further, the OCD will require testimony by Opal about notification of the SW/4 NW/4
