Subject Re: SRO UNIT WELLS 1 6 15.xlsx

We won't be at all. I am going to check on everything they are asking for and ensure that they are entitled to it before it goes out. They are pushing us right now and I am going to shove back when it becomes necessary.

It's a mess with their term assignment and farm out related to SRO unit. We are trying to appease them in order to get comm agreements signed. I'll fill you in tomorrow at dinner. Won't take five minutes.

What is this all about? Did they participate in these wells and not get any data?

Thanks

Henry

Please read below Attached is an SRO spreadsheet from Nearburg along with their updated well requirements Nearburg will need well info for all of the SRO wells highlighted in yellow Can you please help with gathering the logs for these wells?

Can you please send electronic copies of this info to me rather than straight to Nearburg? Aaron is planning to put all of the information on a thumb drive so we don't have to send multiple emails/attachments Please let me know if you have any questions Thank you SO much!

We need to start rounding up well information for Nearburg for the wells highlighted in yellow on the attached spreadsheet Also attached herewith is a revised well requirements spreadsheet from Nearburg If you can round this up and put it in a folder on the H drive that would be great We are going to put all the information on a thumb drive so we don't have to send multiple emails/attachments If we can have this rounded up by next Monday at the latest that would be great

I am headed to Santa Fe this afternoon Email me if you have any questions or you can call me on my work cell in the morning I will be working from the office in Santa Fe Thanks in advance for your help with this

We enjoyed visiting with you two this morning. Thanks again for coming by our office.

Attached is the spreadsheet we discussed this morning. I have added the 43H & 44H wells pursuant to our discussion. Note that we have well information on wells in red only and that we are not in pay on wells that are highlighted in yellow.

Hope this helps.

Thank you.
