RE: 2017 Plan of Operations  
ESCRITO GALLUP POOL UNIT  
San Juan, Rio Arriba Counties, NM

Dear Mr. Thompson:

The New Mexico State Land Office has this date approved the referenced Plan of Operation with the following condition(s):

- Provide a Plan of Operations that indicates Encana as the unit operator, or formally change the unit operator to Thompson. While your Unit Operating Agreement may allow sub-operators, the Plan of Operations for the State Land Office Unit Agreement must be provided by the operator of record, which currently is Encana.

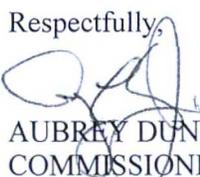

Your 2018 Plan of Operations must address the above 2017 condition(s) and include:

- a summary of operations from the previous year as well as a forecast of operations for the current year;
- a listing of the status of all wells (both active and inactive) in the unit;
- plans for further resource development within the unit; and
- a map or photo that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands.

This Plan of Operations is due by March 1, 2018. If you do not provide a plan addressing the condition(s) and including the requested information, we will confer with the Bureau of Land Management about recourse from both agencies.

If you require additional information, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

  
AUBREY DUNN  
COMMISSIONER OF PUBLIC LANDS
