Re: Revised First Expansion of Mancos Participating Area
Rosa Unit
San Juan and Rio Arriba Counties, New Mexico

Dear Mr. Beach:

This office has received your letter of March 29, 2017, in which you requested approval for the Revised First Expansion of the Mancos Participating Area, San Juan and Rio Arriba Counties, New Mexico.

The Bureau of Land Management provided a geologic evaluation of the referenced unit and a finding that the revised expansion is geologically reasonable and potentially capable of production of unitized substances in paying quantities. The BLM approved the first revised expansion on April 5, 2017.

The New Mexico State Land Office hereby approves the Revised First Expansion of the Mancos Participating Area for the Rosa Unit. This approval fully expands the Mancos Participating Area to 53,976.37 acres. Because this expansion alters the terms of the previous First Expansion of the Mancos Participating Area and will incorporate six wells that pre-date the First Expansion, the current expansion will have an effective date of September 1, 2010.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

AUBREY DUNN
COMMISSIONER OF PUBLIC LANDS
