RE: 2018 Plan of Development/Operation  
Artesia Unit  
Eddy County, NM

Dear Mr. McCammon,

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

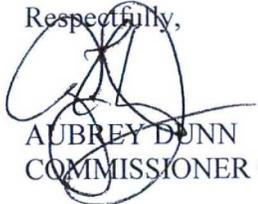

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

AUBREY DUNN

RE: 2018 Plan of Development/Operation  
West Vacuum Unit  
Lea County

Dear Land Manager,

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

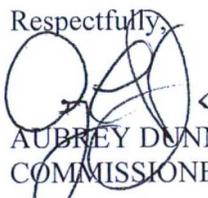

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

RE: 2018 Plan of Development/Operation  
Bobbi State Waterflood Unit  
Lea County, NM

Dear Mr. Butler:

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

A handwritten signature in black ink, appearing to be "Aubrey Dunn", is written over the word "Respectfully,".

RE: 2018 Plan of Development/Operation  
Lindrith Unit  
Rio Arriba County, NM

Dear Mr. Holmes and Mr. Duffy:

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the possibility of drainage by wells outside the unit area, and a need for further development of the unit.

Please note: The current operator for Lindrith Unit is listed in our records as Southland Royalty. Although your unit operating agreement may allow sub-operators, Southland Royalty is responsible for providing all unit information to the New Mexico State Land Office. If so designated by the unit operator, a sub-operator may submit the unit Plan of Development, but all information for the unit must be in a single submission because we evaluate production and development for the unit as a whole.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- A single Plan of Development addresses the entire unit.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

RE: 2018 Plan of Development/Operation  
Escrito Gallup Pool Unit  
San Juan & Rio Arriba Counties, NM

Dear Mr. Thompson:

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that shows unit boundaries on a S-T-R grid and illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

A handwritten signature in black ink, appearing to read "Aubrey Dunn", is written over the typed name and title.

RE: 2018 Plan of Development/Operation  
San Juan 28-7 Unit  
Rio Arriba County, NM

Dear Mr. Duffy,

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

A handwritten signature in black ink, appearing to read "Aubrey Dunn", is written over a circular stamp or seal.

RE: 2018 Plan of Development/Operation  
Rodeo Unit  
San Juan County, NM

Dear Mr. Black,

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

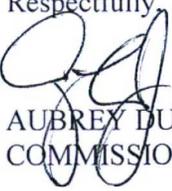

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

  
AUBREY DUNN

Lea County, NM

Dear Ms. Glass,

The New Mexico State Land Office has this date approved the referenced Plan of Development/Operation. Our approval is conditional on approval from all relevant agencies.

We may contact you at a later date regarding the following:

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Please note the following about your 2019 Plan of Development/Operation:

- Due March 1, 2019.
- The submission should include
  1. A section that outlines ongoing development and/or maintenance in 2019 (address new drilling, recompletions, workovers, P&As, and any other activities that may impact production);
  2. An aerial photo (preferred) or map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands;
  3. A list of active wells in the unit with their API numbers; and
  4. Any additional information that may have relevance to our approval of the Plan.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

A handwritten signature in black ink, appearing to read "Aubrey Dunn", is written over the typed name.
