Surface Lessee
Hunt Oil Company
State 1-16
Catron County, NM

Dear Mr. Glidewell:

I have been provided a copy of your letter dated November 30, 1989 to Mr. Thomas William Merlan and Frances Levine Merlan regarding the Affidavit of Responsibility for Conversion of an Oil and Gas Well to a Water Well. You advised Mr. Merlan that the State could not sign the affidavit because you are not directly in control of the situation. You also stated if Hunt Oil Company was agreeable, that if the grazing lessee (Thomas William Merlan and Frances Levine Merlan) would assume responsibility and liability that this situation would be satisfactory to the State.

Inasmuch as the Affidavit of Responsibility for Conversion to Water Well is a New Mexico Oil Conservation Commission request, Hunt Oil Company will be satisfied if Mr. & Mrs. Merlan sign the document, if and only if, the State agrees that if the grazing lease ever terminates and the State of New Mexico takes control of the property, that the State will look to Mr. & Mrs. Merlan for responsibility and liability for any problems regarding the water well. In this way, Hunt can be assured that it will not be held responsible for actions of parties other than itself during the remaining term of Mr. & Mrs. Merlan's grazing lease.

If the State agrees to this request, please so signify by executing and returning one copy of this letter to the undersigned.

Yours very truly,
