C

O

Our office represents Tri-State Insurance Company which was the surety on two bonds covering the drilling and plugging on the following described wells:

Williams and Gore Well No. 1-A, NW/4 NW/4 Section 27, Township 7 North, Range 4 West, N.M.P.M., Valencia County.

P

Hawaiian-New Mexico Oil Ventures Wells No. 1, SW/4 SW/4, Section 27, Township 7 North, Range 4 West, Valencia County.

Y Demand has been made and suit has been filed to require the plugging in accordance with the attached letter from Mr. Kapteina, District Engineer for the Oil Conservation Commission. We would request that you advise us as to whether you are in a position to plug these wells in accordance with the requirements contained in the attached letter. We are seeking a flat turnkey bid which would include all costs and expenses. If, however, it is impossible for you to make such a bid we would appreciate your giving us a bid as to the move-out move-in costs, the day rates and the materials and tools which you would furnish and which we would be obliged to furnish.

Sincerely yours,

RODEY, DICKASON, SLOAN, AKIN & ROBB
