Oil Conservation Commission,
Mr. R. R. Spurrier,
Secretary and Director,
Santa Fe, New Mexico.

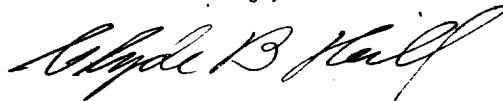

Dear Sir,

Re: Neill and Alexander #2 Sauble.

Your letter of November 18th has been received. Mr Alexander was drilling this well under contract and was released verbally of his contract.

He was to send me a deed to his share of the well and allow me to complete it. This he has never done. His bond is good, and I wish you would write him.

Yours truly,

Clyde B. Neill.

RE: Neill & Alexander, Sauble No. 2,
SW/4 NE/4 section 1, T.26 N, R.24 E

Dear Sir:

We would appreciate recent advice on the above captioned well. Originally this well was under the name of Hutchinson Drilling Co., and C-101 was signed by J. C. Alexander. The last report was dated August 9, 1947 where Neill and Alexander were operating this well and water shut off was being attempted to test formation below 1593 feet.

We have been advised that this well was abandoned, and to date we have received neither the well log or notice of intention to plug. We ask that you comply at your earliest opportunity. Necessary forms are enclosed for your convenience.

Very truly yours,

OIL CONSERVATION COMMISSION
