RE: F. E. Sauble - to - State of
New Mexico - Oil Well Drilling
Bond \$2500 - NWNW 2-26N-24E.

Dear Mr. West:

This is to rescind our letter of 29 March 1948 wherein we state that well has been plugged and subject bond may be cancelled at your request.

After searching our records more thoroughly we find that only completion record was filed where well was put into production, and no Notice of Intention to Plug, or Result of Plugging reports filed.

Of course, you are familiar with the Commission's regulations whereas liability cannot be terminated unless well is plugged to the satisfaction of the Commission.

Very truly yours,
