RE: Drilling Bond \$2,500. York  
Denton, E.C. Crampton & S. Browning,  
Principals with American Surety  
Co., Surety, one well located on  
400 ft. S. of north line and 400 ft.  
E. of west line NW $\frac{1}{4}$  NW $\frac{1}{4}$  Sec. 2-26-N-24E  
Colfax County

Dear Sir:

Please disregard another letter from the writer dated same date as this letter wherein it was stated that the bond noted in caption was cancelled in that the result of plugging the well covered in bond was approved February 14, 1941. This was error, - the report was upon the approved completion of the well and not upon the approved plugging of the well. All well bonds endure until approved plugging when finally abandoned.
