Dear Mr. Ulvog:

Pursuant to your letter to us dated December 5, 1974, please find accompanying summaries of our rig work on the WS Ranch wells, Colfax County, New Mexico. Unfortunately, the American Fuel Corporation's supervisors failed to put pertinent well info on our rig time reports.

We would appreciate your advising us what disposition you make regarding the wells on which we have mechanics liens filed.

Very truly yours,

J. W. GIBSON WELL SERVICE, INC.
