Dear Mr. Luna:

Temporary abandonment status for the two above-referenced wells expired on March 29, 1986. At this time you must file a Form C-103 (enclosed) in triplicate for each well to detail anticipated further work or to propose well plugging operations. Plugging and abandonment must be in accordance with OCD rules and regulations and must be approved prior to commencement of work.

Should you have any question pertaining to this matter, please contact me at this office.

Sincerely,

ROY E. JOHNSON,
Sr. Petroleum Geologist
