Re: Moore Ranch-State Well No. 1
Sec. 16, T-29-N, R-24-E,
Colfax County, New Mexico

Gentlemen:

Enclosed please find approved copies of OCD forms on the above-referenced well. A review of this well file has indicated that we have yet to receive notification that the drillsite has been cleaned up and restoration has been completed. If this work has been done, please indicate so on the enclosed Sundry Notice. If this work has not been done, please make the appropriate arrangements as soon as possible.

A representative of this office will be in this area in several weeks for an inspection. Should your reclamation job be acceptable, your plugging bond will be released for this well if it is so desired.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Roy E. Johnson", with a long horizontal flourish extending to the right.

ROY E. JOHNSON,
Sr. Petroleum Geologist

REJ/dr
