Dear Mr. Weems:

In order to complete the file on the referenced well, copies of Form C-103 must be filed with this office detailing the spud date, drilling operations, and casing and cementing programs. Also required are copies of all electric logs run on the well, including density logs. We have received copies of Technical Drilling Services' log and Welex's Dual Induction Short Guard log. For your convenience, I have enclosed copies of Form C-103 and instructions for filing.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jami Bailey".
