## INSPECTION REPORT

18 April, 1952

BAKKR & TAYLOR DRILLING CO.

Re: O. D. Smith No. 1 SW-NE Sec. 15-7N-22E Guadalupe County

On this day I visited the above captioned well which was drilling satisfactorily at 1415, at 12:00 e'cleck neen. The status of this well is of a confidential nature so that formation tops and lithelegy encountered will be reported at a later date.

Cuttings samples are being collected and a cut of some will also be available to the Commission.

5.1.5.

Eugene A. Chaves Geologist
