Re: Tucumcari FNB Well No. 1-P
20-8N-22E
Putt Well No. 1-L
9-8N-22E

Dear Mr. Cobb:

This letter is to inform you that a recent inspection has been made on the above referenced wells and that your Tucumcari FNB Well No. 1 is lacking the required N.M.O.C.D. dry hole marker.

The Notice of Intention to Drill for the Putt Well No. 1 has expired and no drilling operations are to be initiated or continued without further notice to and approval by the Commission. Pending such approval this will be considered an abandoned location and the well file will be closed once reclamation of the site is completed.

Sincerely,

ROY E. JOHNSON
Petr. Geologist
