 No. 2-A James H. Simpson,
 Section 32, T-10-N, R-23-E,
 Guadalupe County, New Mexico

Gentlemen:

Enclosed are the following New Mexico Oil Conservation Commission reports for the subject well:

Form C-103 - Report of Beginning Drilling Operations and
 Results of Test of Casing Shut-off

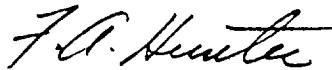

Form C-102 - Notice of Intention to Plug

Form C-105 - Well Record

There was an inadvertant delay in filing Form C-103 mentioned above. Through an error on our part, this report was not filed immediately after the work was done. The rig which drilled this well is still stacked on location; therefore, we will not be able to file our final plugging report for some time yet. This report will be filed as soon as the location has been properly cleared, levelled and marked.

Yours very truly,

GENERAL CRUDE OIL COMPANY
