Re: Branch Well No. 1
D-9-T10N-R25E
Guadalupe County, New Mexico

Dear Mr. Hankins:

Attached is a copy of the Form C-103 which you recently submitted concerning the subject well. You will note that approval is contingent upon the outcome of the hearing on Case 5468 which was continued from April 30, 1975, to May 28, 1975, at your request. In view of the time which has elapsed since the well was abandoned, it is difficult to visualize a ruling from that hearing other than that the well shall be properly plugged. However, it is a public hearing and all pertinent testimony will be considered. The Commission has no alternative but to proceed on the basis of information available to it.

Very truly yours,

CARL ULVOG
Supervisor, District IV.
