Iceco Inc. ,  
115 West Center Street  
Tucumcari, New Mexico

Gentlemen:

This will acknowledge receipt of your letter dated October 16, 1953, regarding the filing of Form C-114 showing Iceco's monthly operation. Information that we desire on said reports is as follows:

1. Volume of CO<sup>2</sup> gas produced in M.C.F.  
(Thousand cubic feet).
2. Volume of gas utilized at the plant in the manufacture of dry ice.
3. Volume of gas that is bottled and shipped in gas form.
4. Names of wells from which gas is produced and the amount from each well.

Gas volumes listed in your letter are volumes transported to the cities named.

If we can be of further assistance, please let us know.

Very truly yours,

L. R. TRUJILLO,  
Office Manager

Attention Mr. I. A. Trujillo:

Dear Mr. Trujillo:

The office personnel has changed several times since the January report was submitted and I have no idea how to make these reports out. But I will make a point to find out and immediately report to you.

I would appreciate your help in this report. In the sample you show Midland Texas, 3,400 M. C. T., San Antonio Texas, 2,455 M. C. T., and El Paso, New Mexico, 2,455 M. C. T., Can you tell me how to arrive at these amounts?

Thanking you for any help that you might send to us.

Yours very truly,

Iceco, Inc.

*Lissy Connor*  
Office Manager
