Re: Reporting on C-114  
of the Carbon Dioxide  
Dry Ice Operations

Dear Mr. Schreiber:

Since I have not received an answer to my letter of June 1, 1951, regarding the above captioned, I am again taking this opportunity to further request that we be supplied with adequate reports concerning your operations. I realize that you are quite busy with the re-organization of your company, but on the other hand we have been attempting to get your company to report as requested for well over a year. I am therefore of the opinion that we have been quite patient.

I have also heard by the grapevine that you are setting up to drill two new wells on the Libby Ranch. If these are located on State of Fee land, it will be necessary for you to clear with us before these wells are spudded. I make this statement only as a matter of advise.

Your cooperation in this matter will be appreciated.

Very truly yours.
