State of New Mexico Oil Conservation Commission P. O. Box 2088 Santa Fe, New Mexico

Attn: Mr. J. E. Kapteina Engineer, District IV

Gentlemen:

Receipt is acknowledged of your letter of October 2, 1967.

Resumption of work on Arthur Cain #1 is scheduled for this week. I am enclosing photo copy of ClO3 report previously filed with your office and will file additional report as soon as possible.

Would you be kind enough to forward me a supply of C103 blanks and such other reports as are needed, together with a copy of "Rules and Regulations."

The engineer I employed on this project left and took with him my entire files on the area and it has been extremely difficult to re-create needed items.

Meanwhile your helpful cooperation is very much appreciated.

Very truly yours,

M. B. Edmonds
