line and 660 feet from the West  
line of Section 2, Township 15  
North, Range 32 East, Harding  
County, New Mexico

Gentlemen:

As no activity has been reported concerning the above-described well for more than two years, Mr. J. E. Kapteina, Oil and Gas Inspector for District IV of the Commission has recommended that the well be plugged. Therefore, I am advising you by this letter that you must recommence drilling operations by March 1, 1972, and file the appropriate forms advising the Commission of such drilling operations, or a case will be set for you to show cause why the well should not be plugged and abandoned.

If you have any questions, please contact Mr. Kapteina 827-2533, Oil Conservation Commission, Santa Fe, New Mexico.

Yours very truly,

GEORGE M. HATCH  
Attorney
