Dear Sir,

Since receiving your directive requiring that the above well be plugged and abandoned, I have attempted to contact all of the parties that I was acting as trustee for. I have not completed these arrangements as of this time and I respectfully request a delay of 120 days in the commission plugging order. This will give me time to fully notify the intrusted parties and secure the necessary approval to fulfill your plugging orders.

If any additional information is required, please contact me.

Thank you,

Paul E. Haskins
