Mr. G. O. Bain
Logan, New Mexico

Dear Mr. Bain:

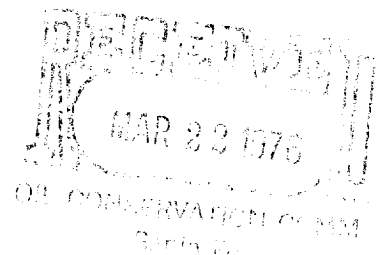

In a previous telephone conversation with you, it was established that you were paid for some work covering pits and clearing locations where Olympic Petroleum Company drilled 2 wells in the Southwest quarter (SW/4) of the Southwest quarter (SW/4) of Section 27, Township 16 North, Range 33 East Harding County, New Mexico. One well abandoned before completion and the other well moved a short distance to completion. You also related to me that for an additional \$100.00 you would return to the location and clear location to the satisfaction of the Oil and Gas Commission of the State of New Mexico.

Since talking with you I have contacted Mr. CARL Ulvog, Senior Geologist regarding requirements for clearing the above mentioned location. Enclosed is a copy of his letter, setting out the necessary requirements.

I would like for you to return to the above mentioned location, clear same as required by Oil and Gas Commission in accordance with the copy of letter enclosed from Mr. Carl Ulvog.

I am enclosing a draft for \$105.00. The extra \$5.00 is for a pack of poloroid films. When you have finished the job, please take a poloroid picture of the location, insert the picture or pictures in the envelope draft and deposit it in the bank as you would a check. It will be paid on its arrival at my bank.

Mr. G.O. Bain

Thank you for your early attention to this matter.

Sincerely,

STANLEY J. PIRTLE
