Dear Mr. Ulvog:

On March 18, 1976, I directed a letter to Mr. G. O. Bain, of Logan, New Mexico regarding work covering pits and clearing location where Olympic Petroleum drilled two wells in the Southwest quarter of the Southwest quarter (SW/4) of SW/4) of Section 27, Township 16 North, Range 33 East, Harding County, New Mexico.

I asked Mr. Bain in this letter to please clear the location and I would pay the additional charge that he requested to reenter this location and clear the location. I asked him to send me pictures of this location after he had cleared the location. It appears to me that this is satisfactory work and I had paid for this work. Should you make a visual inspection and find that this is in order, I would appreciate a letter of approval for this work, and the completion of all requirements concerning plugging and abandonment of these wells.

Thank you for all your kind considerations in these past matters. I am,

Sincerely,

  
STANLEY J. PIRTLE
