SWNE Sec. 2-20N-30E  
Harding County.

Dear Sir:

I have your letters of June 17 and July 20 wherein you express concern over the cancellation of the plugging bond which we hold covering the above captioned well. I wish to express our apologies for the apparent disregard and negligence rendered you with respect to action which this office might take to effect an early cancellation of this bond.

I am today writing Mr. Timmons, at 1845 Wynkoop Street, Denver, in an effort to prevail upon him to comply with our requests regarding final work done at this well.

Please rest assured that we shall do everything in our power to arrive at a solution of this problem or Mr. Timmons will suffer the consequences. He is still liable to this Commission as he owns and operates a carbon dioxide gathering and distributing plant at Pueyeros, New Mexico, the operation of which still falls under our jurisdiction.

If you can shed any further light on the subject concerning your attempts to secure his cooperation there in Denver, please advise me of same.

Very truly yours,

EUGENE A. CHAVEZ  
Oil & Gas Inspector- Dist #4

COMMISSION ON THE STATUS OF WOMEN  
IN THE UNITED STATES  
REPORT TO THE HOUSE OF REPRESENTATIVES

1975

The Commission on the Status of Women was established by the House of Representatives in 1971. It was the first such commission in the history of the United States. The Commission's mandate was to study the status of women in the United States and to report to the House of Representatives on the findings of its study.

The Commission's report is a comprehensive study of the status of women in the United States. It covers a wide range of issues, including employment, education, health, and family life. The report is a valuable resource for anyone interested in the status of women in the United States.
