six months Head and Miller are permitted to plug said well unless before such plugging is performed any of the interested parties supply the Commission with an acceptable plugging bond to cover the well pending the outcome of existing litigation. Then after that six months period the well must be plugged if no bond is submitted or if Head and Miller has not already plugged the well. Head and Miller, under the provisions of the above quoted order, are required in the plugging procedure to plug said well in accordance with the laws, rules and regulations and administrative requirements of the Commission.

The requirements governing plugging provide that application shall be made in triplicate upon Form C-102, notice of intention to plug, setting forth the plugging program. Before actual plugging is to be performed approval is required by an authorized agent of the Commission - this is Mr. Roy Yarbrough, State Oil and Gas Inspector, Hobbs, New Mexico. Your plugging program which you may propose may or may not be in keeping with good conservation practices. Mr. Yarbrough passes upon such features. When approved by that official then you perform the plugging in accordance with the approved notice. Then when the actual plugging is done a report of plugging is made in triplicate upon Form C-103, showing how the proposal of plugging was carried out. When this latter report is approved by Mr. Yarbrough, your bond is entitled to cancellation.

In my letter of April 25, I simply recited the fact that no plugging bond had thus far been submitted. Then on April 27 when I learned that a plugging bond was expected to be filed soon I deemed it advisable simply to advise you of the fact that a bond was expected to be filed. I felt that I should so inform you since in substance the order provides that for a six months period Head and Miller may plug the well in accordance with administrative requirements provided one of the interested parties did not file a plugging bond before the well was actually plugged.

Very truly yours,

James H. [Signature]
Chief Clerk & Legal Adviser

Figure 1 illustrates the experimental setup. A subject is seated at a table, looking at a video screen. A camera is positioned above the screen to capture the subject's hand movements. A target is marked on the screen. The subject's hand is positioned near the target. The diagram shows the relative positions of the subject, camera, screen, and target.
