Dear Mr. Ulvog,

Pursuant to an agreement reached with Harvey E. Yates Company February 3, 1978, the operator has been changed to Coronado Exploration Corporation on all oil and gas leases held by that company in Mora and Colfax Counties, New Mexico. Therefore, the operator on Simms #1, located in Section 3, T21N, R21E, has also changed.

We apologize for the delay in getting these forms to you. However, the administrative work involved in making all appropriate transfers has taken some time.

Sincerely,

Virginia Lawrence
