Water Well Conversion

Gentlemen:

Regarding paragraph four of the Affidavit of Water Well Conversion filed by myself as both operator and landowner, be advised that I am applying to convert the subject well from surface to total depth to a water well. The 7" casing will remain in the hole. The location has been leveled, and cleared with all pits filled.

With the provisions of paragraph four being complied with, I accept the above described well for the use as a water well. I assume all responsibility for the well, the location, and the conversion to a water well.

Very truly yours,

William Gruenerwald

Conversion to Water Well

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The subject well is structurally lower than other area gas wells and considered a dry hole. The 7", 17# casing will remain in the hole. The well is to be converted to a water well from surface to 1050' TD, per the attached Affidavit of Responsibility Conversion to Water Well form.

Be advised that the location has been leveled, pits filled, and cleaned of refuse.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
