MEMORANDUM TO:

Mr. William J. Bingham  
House of Representatives

FROM:

Oil Conservation Commission

We attach the original of your letter of January 9, 1951, from Mr. E. C. Anderson of the Bureau of Mines and Mineral Resources, regarding CO<sub>2</sub> wells in the Wagon Mound area.

Your request for additional information has been referred to Mr. Elvis Uts, OOC gas engineer, who made the following notes:

"The information in this letter is all the authentic information we have.

*→ see H. J. Cox*  
"Cox drilled the H. J. Cox - Berlier #1 NE SE SE 11-19N-21E and reported a flow of 8 - 10 M.M. at about 1600 ft. and was going to have me come over and witness it. That is the last I have heard - and all of it orally. On my last check his operation was inactive and, as far as I know, still is."
