Houston, Texas

Dear Mr. Kayser:

We are attempting to clear up some questions regarding the well drilled in NE NE 14-19N-21E, Mora County, N. M., and find that the Commission records are somewhat sketchy.

We will be very grateful if you will check your files and send us copies of any forms you may have on the well, including the C-101 (Notice of Intention to Drill). I assure you that the forms will be returned to you intact, and we will be more than grateful to you if you will lend them to us for a short time.

Very truly yours,

Elvis A. Uta, Engineer

Mr. H. J. Cox
c/o Old Harvey House
Las Vegas, New Mexico

Re: NE $\frac{1}{4}$ of NE $\frac{1}{4}$, Section 14, Township 19 North,
Range 21 East, N.M., P.M., Mora County, New Mexico

Dear Mr. Cox:

In reply to Mr. Kayser's letter to the New Mexico Oil Conservation Commission, copy of which was sent to you with our letter of July 8, 1950, said Commission forwarded the enclosed form of transfer and acceptance to be used in effecting the change in the well plugging responsibility.

Assuming you are still interested in obtaining a lease on this tract, in accordance with our said letter of July 8 Mr. Kayser has executed said form in duplicate and the two executed forms are enclosed.

The procedure evidently is for you to execute the acceptance in the space provided on the form and deliver same with well plugging bond to the Conservation Commission.

Yours very truly,

LIDDELL, AUSTIN, DAWSON & HUGGINS
