Santa Barbara, California

Gentlemen:

Reference is made to your letter of November 21, 1960, requesting release of plugging bond secured to cover the Rinehart Wells drilled by Trio Oil Company. This office has been informed by Mr. Willard C. Franks that the plugging of Rinehart Well No. 2 has been completed and an Affidavit of Responsibility has been received assigning Rinehart Well No. 1 to Mrs. Frances Rinehart for use as a water well.

Until an inspection can be made by this office of the two Rinehart Wells, the bond cannot be released. In the meantime it is suggested the enclosed Affidavit of Compliance be completed by a representative or agent of the Trio Oil Company and returned to the Santa Fe office of the New Mexico Oil Conservation Commission.

Very truly yours,

J. E. KAPTEINA
District Engineer

OIL CONSERVATION COMMISSION

P.O. BOX 871

SANTA FE, NEW MEXICO

January 5, 1947

Dear Sirs:
Enclosed for you are
two copies of a letter
from the Santa Fe
Office, California.

Sincerely,
J. E. KAPTEINA

Reference is made to your letter of
November 21, 1946, requesting release of pipeline logs
secured to cover the Kinkhart wells drilled by the Oil
Company. This office has been informed by Mr. William
H. Thomas that the pipeline of Kinkhart Well No. 2 has been
completed and an affidavit of responsibility has been
submitted regarding Kinkhart Well No. 1 to Mr. Thomas.
Kinkhart for use as a water well.

Until an inspection can be made by this office,
no new Kinkhart wells, the logs cannot be released.
In the meantime it is suggested the enclosed Affidavit
of Compliance be completed by a representative or agent of
the Oil Company and returned to the Santa Fe office
of the New Mexico Oil Conservation Commission.

Very truly yours,

J. E. KAPTEINA
District Engineer
