Dear Mr. Kapteina:

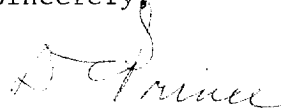

Reference is made to abandonment of the hole at Cotton-State No. 1, located in Unit A of Section 19, Township 16 North, Range 34 East, NMPM, in Quay County.

The pits have been back-filled, the "rat hole" filled, a dry hole marker installed and the land levelled.

It is requested that you make inspection of the site, and if satisfactory that you furnish a release so that the bond now carried can be cancelled.

Thank you for your cooperation in closing this matter.

Sincerely,

D.C. Prince
Trustee
