Dear Sirs:

Mr. McPherson, Powers Wire Products Company, El Monte, California, has requested me to plug their State #1-28, and State #2-28 dry holes, located in Section 28, Township 15 North, Range 34 East, Quay County.

Will you please send me the necessary forms and regulations or requirements so that I may do this work properly and to your satisfaction?

I plan to do this work as soon as I get permission and instructions from you, and as soon as I can get a rig to perform the plugging operations on the wells. I will keep you informed on the progress of these operations.

Very truly yours,

A handwritten signature in cursive script that reads "G. E. Hatton".
