D'Spain No. 1 Well  
Torrance County, N.M.

Gentlemen:

Reference is made to your letter of December 5, 1956, wherein you inquired as to the present status of the above-captioned well, which the Commission by Order No. R-844 ordered to be plugged.

We have been advised that the well is being converted to a water well and that the work will be completed within two weeks of this date.

When this work has been completed and the final completion reports received and approved by the Commission, we will be in a position to release the bond on the well. We will advise you when this is so.

Very truly yours,

DANIEL S. NUTTER,  
Petroleum Engineer
