Gentlemen:

Chevron USA Inc., as operator of the Central Vacuum Unit, submits its annual production report on the Central Vacuum Unit as required by Rule F1a of the Rules and Procedures for Qualifications of Enhanced Oil Recovery Projects and Certification for the Recovered Oil Tax Rate. The project is still a viable EOR project as approved by Division Order No. R-5530-E on April 30, 1997. The Certification of a Positive Production Response was issued on July 5, 2000. The date positive response occurred was September 1, 1998.

Attached are production curves of oil, gas, and water production spanning a time period prior to CO2 response and all years since.

If you have any questions, please call me at (432) 687-7114.

Sincerely,

Mike Reeves
