**APPLICATION OF NGL WATER
SOLUTIONS PERMIAN, LLC
TO APPROVE SALT WATER
DISPOSAL WELL IN EDDY
COUNTY, NEW MEXICO**

CASE NO. 20569

MOTION FOR CONTINUANCE

COMES NOW Solaris Water Midstream, LLC (Solaris), by and through undersigned counsel of record, and requests that the above-referenced case, currently scheduled for hearing on June 13, 2019, be continued. In support of this Motion, Solaris states as follows:

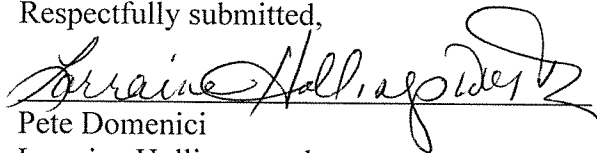

1. In Case 20569, NGL Water Solutions Permian, LLC (NGL) seeks an order approving its Burton Flats SWD #1 to be drilled in Section 9, Township 20 South, Range 29 East, Eddy County, New Mexico, for injection in the Silurian-Devonian formation.
2. NGL did not file for administrative approval of its Application but instead filed the Application on May 10, 2019, requesting that the matter be set for hearing on June 13, 2019.
3. Solaris did not receive notice of the proposed SWD well until OCD published the Notice of Hearing for the June 13, 2019 hearing on May 22, 2019. Solaris did not have a prior opportunity to file an objection to the application. Solaris and OCD will not become aware of the technical basis for the application until the hearing.
4. Solaris has applications pending for salt water disposal wells in the same area, which NGL has objected to and which are expected to be set for hearing on July 11, 2019.
5. This matter should be continued to allow time for OCD, Solaris and other interested parties to review the Application and prepare objections.

6. Solaris is not aware of any substantial negative consequences to NGL if this matter is continued to allow the parties time to discuss the concerns raised by Solaris or, alternatively, to allow Solaris adequate time to prepare for a hearing on the Application.

7. Counsel for NGL has been contacted and an agreement between the parties could not be reached.

WHEREFORE, Solaris respectfully requests that the Division continue the June 13, 2019 hearing scheduled in this matter.

Respectfully submitted,

Pete Domenici
