APPLICATION OF RIDGE RUNNER
RESOURCES OPERATING, LLC
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO

CASE NO. 21766

**SELF-AFFIRMED STATEMENT
OF BOB SHELTON**

1. I am over 18 years of age and am competent to provide this Self-Affirmed Statement. I have personal knowledge of the matters addressed herein.
2. I am the Vice President of Land at Ridge Runner Resources Operating, LLC (“Ridge Runner”). I have had direct involvement with Ridge Runner’s development of the acreage that is the subject of Ridge Runner’s application in this case. Copies of the application and proposed notice are attached as **Exhibit A-1**.
3. I have previously testified before the Division, and my qualifications as an expert in petroleum land matters were accepted.
4. None of the parties proposed to be pooled in this case indicated opposition to this proceeding, therefore I do not expect any opposition at hearing.
5. Ridge Runner seeks an order pooling all uncommitted mineral interests in the Bone Spring formation underlying a standard 240-acre, more or less, horizontal spacing unit comprised of the W/2W/2 of Section 36 and the W/2SW/4 of Section 25, Township 20 South, Range 35 East in Lea County, New Mexico (“HSU”).
6. The HSU will be dedicated to Ridge Runner’s proposed Morpheus 25/36 State Com B #1H well, which will be horizontally drilled from a surface location in Unit L of Section 25 to a bottom hole location in Unit M of Section 36.

RIDGE RUNNER
RESOURCES OPERATING,
LLC
Case No. 21766
Exhibit A

7. The proposed well is located in the Wilson;Bone Spring, North Pool (Pool code 97704).
8. With respect to well setback requirements, this pool is subject to the statewide horizontal well rules set out in NMAC 19.15.16.15.
9. The C-102 for the proposed well is attached as **Exhibit A-2**.
10. **Exhibit A-3** is a plat of the tracts included in the HSU and identifies the ownership interest and type in each tract, the parties Ridge Runner seeks to pool, any applicable lease numbers, and contains a unit recapitulation.
11. There are no depth severances in the Bone Spring formation within the HSU.
12. Ridge Runner has the right to pool any overriding royalty owners in the HSU.
13. **Exhibit A-4** contains a sample well proposal letter and AFE sent to working interest owners for the proposed well. The estimated costs reflected on the AFEs are fair and reasonable and comparable to the cost of other wells of similar depth and length drilled in the area.
14. Ridge Runner has conducted a diligent search of all public records in Lea County, including phone directories and computer databases.
15. All interest owners Ridge Runner seeks to pool are locatable.
16. In my opinion, Ridge Runner made a good-faith effort to reach voluntary joinder of uncommitted interests in the proposed well as indicated by the chronology of contact described in **Exhibit A-5**.
17. Ridge Runner requests overhead and administrative rates of \$8,000 per month while the well is being drilled and \$800 per month while the well is producing. These rates are fair and are comparable to the rates charged by Ridge Runner and by other operators in the vicinity.

18. Notice of Ridge Runner's application and the Division hearing was provided to the uncommitted interests by certified mail more than 20 days prior to the hearing date. A sample of the notice letter and associated green cards are attached as **Exhibit A-6**.

19. Notice of Ridge Runner's application and the Division hearing was published more than ten business days prior to the hearing date. The affidavit of publication is attached as **Exhibit A-7**.

20. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

21. In my opinion, the granting of Ridge Runner's application would prevent the drilling of unnecessary wells, protect correlative rights, and prevent waste.

22. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 21 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

Case No. 21766

APPLICATION

Pursuant to NMSA § 70-2-17, Ridge Runner Resources Operating, LLC (“Ridge Runner”) applies for an order pooling all uncommitted mineral interests in the Bone Spring formation in a 240-acre, more or less, standard horizontal spacing unit comprised of the W/2 W/2 of Section 36 and the W/2 SW/4 of Section 25, Township 20 South, Range 35 East in Lea County, New Mexico. In support of its application, Ridge Runner states the following.

1. Ridge Runner (OGRID No. 373013) is a working interest owner in the horizontal spacing unit and has the right to drill thereon.
2. The horizontal spacing unit will be dedicated to Ridge Runner’s proposed Morpheus 25/36 State Com B #1H well, which will be horizontally drilled from a surface location in Unit L of Section 25 to a bottom hole location in Unit M of Section 36.
3. The completed interval of the well will be orthodox.
4. Ridge Runner has undertaken diligent, good-faith efforts to obtain voluntary agreements from all mineral interest owners to participate in the drilling of the well but has been unable to obtain voluntary agreements from all of the mineral interest owners.
5. The pooling of all uncommitted mineral interests in the Bone Spring formation underlying the proposed horizontal spacing unit will prevent the drilling of unnecessary wells, prevent waste, and protect correlative rights.

6. In order to allow Ridge Runner to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted mineral interests in the horizontal spacing unit should be pooled.

WHEREFORE, Ridge Runner requests that this application be set for hearing on April 8, 2021 and that, after notice and hearing, the Division enter an order:

- A. Pooling all uncommitted mineral interests in the Bone Spring formation underlying the proposed horizontal spacing unit;
- B. Designating Ridge Runner as operator of the well;
- C. Authorizing Ridge Runner to recover its costs of drilling, equipping, and completing the well and allocating the costs among the well's working interest owners;
- D. Approving the actual operating charges and costs of supervision during drilling and after completion, together with a provision for adjusting the rates pursuant to the COPAS accounting procedure; and
- E. Imposing a 200% penalty for the risk assumed by Ridge Runner in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

As a leasehold owner, each company has the right to participate for its share of working interest in the 4 wells. In the event your company elects not to participate for its WI share, RRR is agreeable to making a mutually agreeable acreage trade or for RRR's acquisition of the company's interest under other mutually agreeable terms. In the event a trade cannot be reached within the next thirty (30) days, RRR will file for a compulsory pooling, with the New Mexico Oil Conservation Division.

Thank you for considering RRR's proposal. We look forward to your response.

Re: Ridge Runner Resources Operating, LLC/New Mexico Oil Conservation Division
Application, NMOCD Case No. 21766

Sir/Madam:

Enclosed is an application that Ridge Runner Resources Operating, LLC has filed with the New Mexico Oil Conservation Division ("the Division").

Applicant applies for an order pooling all uncommitted mineral interests in the Bone Spring formation in a 240-acre, more or less, standard horizontal spacing unit comprised of the W/2 W/2 of Section 36 and the W/2 SW/4 of Section 25, Township 20 South, Range 35 East in Lea County, New Mexico.

During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely. The hearing will be conducted on April 8, 2021 beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the docket for the hearing date: <http://www.emnrd.state.nm.us/OCD/hearings.html>. You are not required to attend the hearing, but as an owner of an interest that may be affected by the application, you may appear at the hearing and present testimony. If you do not appear at that time and become a party of record, you will be precluded from contesting the matter at a later date.

A party appearing in a Division case is required by the Division's Rules to file a Pre-Hearing Statement, which in this matter must be filed no later than Thursday, April 1, 2021. The Pre-Hearing Statement must be filed with the Division and should include: the name of the party and the party's attorney; a concise statement of the case; the name(s) of the witness(es) the party will call to testify at the hearing; the approximate amount of time the party will need to present the party's case; and an identification of any procedural matters that need to be resolved prior to the hearing. The Pre-Hearing Statement must also be provided to me.

Thank you for your attention to this matter.

Very truly yours,

Dana S. Hardy

APPLICATION OF RIDGE RUNNER
RESOURCES OPERATING, LLC
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO

CASE NOS. 21766-21767

**SELF-AFFIRMED STATEMENT OF
MICHAEL BURKE**

1. I am over 18 years of age and am competent to provide this Self-Affirmed Statement. I have personal knowledge of the matters addressed herein.

2. I am a geologist at Ridge Runner Resources Operating, LLC (“Ridge Runner”). I am familiar with the geological matters that pertain to Ridge Runner’s applications.

3. I have previously testified before the New Mexico Oil Conservation Division as an expert in geology, and my qualifications were accepted.

4. A general location map of the proposed horizontal spacing units (“HSUs”) is attached as **Exhibit B-1**. The map depicts horizontal wells that have been completed in or permitted to the Bone Spring formation marked with a brown dot at the bottom hole location. The map also depicts the proposed Morpheus 25/36 State Com B #1H and 2H wells (“Wells”) and the proposed HSUs with purple boxes.

5. Attached as **Exhibit B-2** is a type log consisting of well logs of a well drilled within the paths of the proposed laterals that shows the formation tops, the significant producing zones, and the target depths of the lateral wellbores.

6. A gun barrel diagram is attached as **Exhibit B-3**.

7. A structure map of the Bone Spring formation is attached as **Exhibit B-4**. The map shows that in this vicinity the subsurface is uniformly underlain by this formation at a depth of ~8050' – ~11,250' MD (H = ~3200'). The structural dip is to the west at ~400' per mile (~4.5 degree). There are no significant structural or stratigraphic interruptions (faults, truncation, etc.). The various individual stratigraphic zones exhibit local thickness and reservoir quality variations.

8. Attached as **Exhibit B-5** is a gross interval isopach map of the Bone Spring formation containing the target zones for the Wells used to construct a cross-section from A to A'. It shows that the Bone Spring formation across the HSU is continuous.

9. Attached as **Exhibit B-6** is a stratigraphic cross-section for the representative wells from A to A' identified in **Exhibit B-5**. The well logs on the cross section provide a representative sample of the Bone Spring formation in this area. The target zone(s) for the Wells are continuous across the HSUs.

10. A north to south well orientation is preferred in this area based on horizontal stress.

11. Based on the information discussed above, I am able to conclude that:

- (a) the HSUs are justified from a geologic standpoint;
- (b) there is no faulting or other geologic impediment that could adversely affect the drilling of the Wells; and
- (c) each quarter-quarter section in the HSUs will contribute more or less equally to production.

12. In my opinion, the granting of Ridge Runner's applications will prevent the drilling of unnecessary wells, protect correlative rights, and prevent waste.

13. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

14. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 13 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.
