Counsel:

This case will be set for a status conference on June 17 because:

1. A party objects to this case going forward by affidavit, and
2. The applicant has split its original application into two cases (21954 and 21989) and we need to determine if they should be heard at the same time.

Thank you,

Bill Brancard

Subject: [EXT] RE: Application of Longfellow Energy, LP; NMOCD Case No. 21954 - SEP request for Status Conference

Dear Division Hearing Examiner,

Longfellow is preparing for a contested hearing on this NSL application to be held on June 17, 2021. Its witnesses will be available at that time for cross-examination by all parties.

This is not a case in which there are competing applications. Thus, there is no need to hold a scheduling conference to set a future date for a contested hearing. It is my understanding that SEP did not file a prehearing statement in this matter and thus will not be presenting evidence at the hearing. Under the circumstances, SEP's request for a scheduling conference should be rejected.

Longfellow will be filing a response to Conoco's opposed motion for continuance no later than Monday, which will establish that Conoco has no grounds to seek a continuance.

Thank you for your attention to this matter.

Sharon

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Division Hearing Examiner,

In the event ConocoPhillips' attached motion for continuance is denied, Spur Energy Partners objects to this case proceeding by affidavit and requests that the matter be set for a status conference on

June 17 to set a date for a contested hearing.

Very best,
Adam
