Salvidrez,

American has permits, drilling commitments, and correlative rights to be protected. I'm filing a motion for continuance in cases nos. (23708 & 23709). I was never notified by mewbourne on their wells in the mentioned cases. I respectfully request to not be burdened to negotiate with Mewbourne under Duress with the short deadline.

Negotiations between both parties should have ample time to commence.

Thank you

Respectfully,
John
