CASE NO. 24698

#### OIL CONSERVATION DIVISION'S DOCKETING NOTICE

The New Mexico Oil Conservation Division ("OCD"), pursuant to 19.15.5.10(E)(2)(a)

NMAC, gives notice that it has docketed the attached Notice of Violation ("NOV") and states the following in support thereof:

1. On June 6, 2024, OCD issued the NOV to Tarco Energy, LC, OGRID #279579.

2. On June 10, 2024, certified mail containing the NOV was accepted at the operator's address of record.

3. The NOV identified the factual basis for the alleged violations, the compliance actions required to remedy the alleged violations, and the proposed sanctions.

4. The NOV stated that if Tarco Energy, LC, did not informally resolve the NOV within 30 days of receipt of service, then OCD would hold a hearing on August 8, 2024.

5. The period for informal resolution has elapsed without response from the operator.

WHEREFORE, OCD requests that the NOV be docketed for hearing on August 8, 2024.

Respectfully submitted,

Anna Seningen

#### NOTICE OF VIOLATION

The Director of the Oil Conservation Division ("OCD") issues this Notice of Violation ("NOV") pursuant to 19.15.5.10 NMAC. A process is available to informally discuss and resolve the NOV. OCD will not request a hearing on the NOV until the end of this process, which runs for 30 days from the date of your receipt of this letter. OCD will extend this process if it would facilitate informal resolution of the NOV. To initiate this process, contact the OCD employee identified at the end of this letter.

(1) Alleged Violator: TARCO ENERGY, LC, OGRID # 279579 ("Operator").

(2) Citation, Nature, and Factual and Legal Basis for Alleged Violation(s):

#### 19.15.25.8 NMAC:

- A. The operator of wells drilled for oil or gas or services wells including seismic, core, exploration or injection wells, whether cased or uncased, shall plug the wells as Subsection B of 19.15.25.8 NMAC requires.
- *B.* The operator shall either properly plug and abandon a well or place the well in approved temporary abandonment in accordance with 19.15.25 NMAC within 90 days after:
  - (1) a 60 day period following suspension of drilling operations;
  - (2) a determination that a well is no longer usable for beneficial purposes; or
  - (3) a period of one year in which a well has been continuously inactive.

#### 19.15.5.9(A) NMAC:

An operator is in compliance with Subsection A of 19.15.5.9 NMAC if the operator...

(4) has no more than the following number of wells out of compliance with 19.15.25.8 NMAC that are not subject to an agreed compliance or final order setting a schedule for bringing the wells into compliance with 19.15.25.8 NMAC and imposing sanctions if the schedule is not met:

(a) two wells or fifty percent of the wells the operator operates, whichever is less, if the operator operates 100 wells or less;

(b) five wells if the operator operates between 101 and 500 wells;

*(c)* seven wells if the operator operates between 501 and 1000 wells; and

(d) 10 wells if the operator operates more than 1000 wells.

Operator is the registered operator of twenty-nine (29) wells. Of the 29 total wells, the fourteen (14) wells identified in Exhibit A are out of compliance with 19.15.25.8 NMAC and are not subject to an agreed compliance or final order. The remainder of Operator's wells project to fall into inactive status before the date of hearing identified below, requiring that each be plugged and abandoned under 19.5.25.8 NMAC. OCD intends to seek an Order requiring the plugging of all such inactive wells as of the date of the hearing.

#### 19.15.8.9 NMAC:

**D.** Inactive wells. An operator shall provide financial assurance for wells that are covered by Subsection A of 19.15.8.9 NMAC that have been in temporarily abandoned status for more than two years or for which the operator is seeking approved temporary abandonment pursuant to 19.15.25.13 NMAC in one of the following categories:

(1) a one well financial assurance in the amount of \$25,000 plus \$2 per foot of the projected depth of a proposed well or the depth of an existing well; the depth of a well is the true vertical depth for vertical and horizontal wells and the measured depth for deviated and directional wells; or

*(2) a blanket plugging financial assurance covering all wells of the operator subject to Subsection D of 19.15.8.9 NMAC:* 

- (a) \$150,000 for one to five wells;
- (b) \$300,000 for six to 10 wells;
- (c) \$500,000 for 11 to 25 wells; and
- (d) \$1,000,000 for more than 25 wells.

Operator currently has twelve (12) wells that are inactive and for which there is insufficient financial assurance as identified in Exhibit B.

#### 19.15.7.24 NMAC:

*A.* An operator shall file a form C-115 for each non-plugged well completion for which the division has approved a form C-104 and for each secondary or other enhanced

recovery project or pressure maintenance project injection well or other injection well within the state, setting forth complete information and data indicated on the forms in the order, format and style the director prescribes. The operator shall estimate oil production from wells producing into common storage as accurately as possible on the basis of periodic tests.

**B.** An operator shall file the reports 19.15.7.24 NMAC requires using the division's webbased online application on or before the 15th day of the second month following the month of production, or if such day falls on a weekend or holiday, the first workday following the 15th. An operator may apply to the division for exemption from the electronic filing requirement based upon a demonstration that such requirement would operate as an economic or other hardship.

Operator is the registered operator of twenty-nine (29) wells. Operator has not submitted the required C-115 for any well since at least August 2023.

(3) Compliance: No later than thirty (30) days after receipt of this NOV, Operator shall (a) submit production reports for the wells identified in Exhibit A; (b) plug and abandon at least twelve (12) wells listed in Exhibit A; and (c) provide inactive well blanket plugging financial assurance of \$500,000 or increase the one well financial assurance to the specified amounts in Exhibit B.

(4) Sanction(s): OCD may impose one or more of the following sanctions:

- civil penalty
- modification, suspension, cancellation, or termination of a permit or authorization
- plugging and abandonment of a well
- remediation and restoration of a well location and associated facilities, including the removal of surface and subsurface equipment and other materials
- remediation and restoration of a location affected by a spill or release
- forfeiture of financial assurance
- shutting in a well or wells
- any other remedy authorized by law

For the alleged violations described above, OCD proposes the following sanctions:

- (a) <u>Plug and Abandon Wells:</u> OCD will request an order requiring Operator to plug and abandon twelve (12) of the wells listed in Exhibit A, and alternatively, an order authorizing OCD to plug and abandon those wells.
- (b) <u>Financial Assurance:</u> OCD will request an order requiring Operator to provide an inactive well blanket plugging financial assurance of \$500,000 or additional one well financial assurance in the specified amounts in Exhibit B, and alternatively, an order forfeiting financial assurance.
- (c) <u>Termination of Authorization to Transport:</u> OCD will request an order terminating Operator's authority to transport from all wells.
- (d) <u>Civil Penalties:</u> OCD proposes to assess civil penalties as specified below. The civil penalty calculations are attached. OCD has taken into consideration the alleged

violator's good faith effort to comply with the applicable requirements. Copies of the civil penalty calculations are attached. OCD reserves the right to recalculate civil penalties and update the NOV in advance of the scheduled hearing.

Civil Penalty:	19.15.5.9(A)(4)(a) NMAC:	\$ 6,300.00
	19.15.7.24 NMAC:	\$ 162,000.00

(5) *Hearing:* If this NOV cannot be resolved informally, OCD will hold a hearing on August 8, 2024. Please see 19.15.5.10 NMAC for more information regarding the hearing. Even if OCD schedules a hearing, you can request an informal resolution at any time.

For more information regarding this NOV, contact Jesse Tremaine at (505) 231-9312 or JesseK.Tremaine@emnrd.nm.gov or Anna Seningen at anna.seningen@emnrd.nm.gov.
