PRE-HEARING STATEMENT

The New Mexico Oil Conservation Division (“OCD”) submits this Pre-Hearing Statement pursuant to 19.15.4.13(B) NMAC.

I. IDENTIFICATION OF PARTY AND COUNSEL

OCD initiated this matter and is represented by undersigned counsel.

II. STATEMENT OF THE CASE

In September 2024, OCD Compliance Officer Nicholas Karns, in the course and scope of his duties as a Compliance Officer and Bond Administrator in the Administrative Compliance Bureau of OCD, conducted a compliance assessment M E W Enterprise, (“Respondent”), OGRID# 160190. The goal of such an assessment is to inspect the OCD permitting system regarding operator compliance with rules, such as but not limited to, 19.15.5, 19.15.7, 19.15.8, 19.15.25 NMAC. Upon Mr. Karns’ review of OCD’s permitting system reports and data, Mr. Karns concluded that Respondent was not compliant with 19.15.25.8, 19.15.8.9, and 19.15.7.24 NMAC.

More specifically, OCD’s records indicate that Respondent Operates forty-six (46) wells of those two (2) are inactive in violation with 19.15.25.8 NMAC. Per 19.15.8.9 NMAC, the Respondent has three (3) wells that are currently inactive and lack sufficient financial assurances. Per 19.15.7.24 NMAC, the Respondent has not filed the required C-115 (monthly production reports) for any well since at least November of 2023. Per 19.15.5.10 NMAC, OCD may pursue

a litany of remedies for wells in violation of 19.15.25.8, 19.15.8.9 and 19.15.7.24 (or any other OCD regulation) including, but not limited to, termination of authorization to transport, plugging and abandoning of inactive wells, forfeiture of financial assurances, civil penalties, and possible indemnification for the costs OCD incurs to plug and abandon the wells.

Respondent has not communicated with OCD. From OCD permitting it would appear that the Operator has since the issuance of the NOV filed C-115 reports. However, no direct communication with OCD have been made with OCD, no request for informal resolution, nor has the Respondent filed any objections pursuant to 19.15.5.10(E)(2)(b) NMAC.

Respondent violated and remains in violation of 19.15.25.8, 19.15.8.9, and 19.15.7.24 NMAC. OCD seeks an order from the Division granting OCD the authorization to plug and abandon the two (2) inactive wells subject to the Notice of Violation (NOV), forfeiture of financial assurances, termination of Respondent's Authorization to Transport from all forty-six (46) wells, assessing a civil penalty upon Respondent in the amount of \$856,350 and any other relief the Hearing Officer believes is just and proper.
