Tomas,

Per our discussion today, August 7, 2014, I have forwarded the e-mail to Geoff back in April concerning the above referenced site that he and I had discussed. As you and I discussed, Hess is requesting a written confirmation/approval of the remediation plan as presented. If you would please send your approval via e-mail back to me, it would be greatly appreciated. I have attached all of the materials that were originally sent to Geoff per your request.

Thank you for your time today on addressing this site.

Thanks, Cliff

Subject: Hess-Former Texaco State E Battery 79-Remediation Plan

Geoff,

This e-mail is to confirm our conversation on April 25, 2014 about the remediation plan for the above referenced site. I have attached the materials that we used in our discussion. As discussed, Hess will excavate the areas and depths as depicted on the attached site diagram. The site will then be backfilled with clean soil.

If you would please e-mail your concurrence with this remediation plan, it would be greatly appreciated.

Thanks, Cliff
