Mr. Wells,

The NMOCD has processed the initial C-141 for the produced water release associated with the EOG, Grendel 2 State #301H site you submitted on 4/4/2019.

The tracking number for this release is **1RP-5461**.

Please feel free to contact me with any questions you might have. I am the new OCD District 1 Environmental Specialist and will be handling all the Lea County C-141 cases for the time being. However, it is still best to submit the C-141 forms to the <emnrd.oed.district1spills@state.nm.us> address as Amalia Bustamante is still helping me enter the initial C-141 events into the system.

Thanks and sorry for any confusion.

Let me try that submittal again. Sorry, I misspelled the email address.

Thank you,
