Subject: [EXT] Marathon Oil Company - Initial C141 - QUEENIE 15 FEDERAL #001H

Good morning,

On June 8, 2019 around 7:30 am, the operator reported spill due to a pin hole on the line going from the oil tanks to the heater treater. Approximately 7 bbls of oil spilled to the ground. All spillage is contained on location and inside secondary containment. Approximately 3 bbls of oil were recovered. Attached is the initial C-141.

Thank you,
