Amanda,

The release is falling on BLM managed undisturbed pasture lands. I reviewed the spill area and arch is not needed for the area. As the spill is on undisturbed surface we will need a Sundry Notice (Form 3160-5) requesting approval for surface disturbance to address the remediation of the site. The request is to include aerial of the impact and a buffer needed to access and remediate the site. You can send this via e-mail and I'll get it right out. If any questions, please get back to me. Thanks

**Subject:** [EXT] RE: [EXTERNAL] RE: (Amended) C-141\_FLUFFY CAT 16 21 STATE FEDERAL COM #216H 30-025-45728

Mike/Jim,

I apologize, I'm batting zero today. I put the wrong coordinates in the C-141. I have attached a new C-141 with the correct coordinates. 32.3048877 -103.7393848

The line running to the well is approximately 4 miles from the well in Eddy County. I double checked and it appears the spill site is on BLM surface.

Again, I apologize for the confusion.

Thank you,

Amanda Trujillo Davis

Mike,

The lat/long I listed on the Amended C-141 are for the actual spill site. The well name stayed the same because the spill is associated with that well and API number. The well is in Lea County and the spill is in Eddy County. We didn't pick up on this issue until the environmental consultant, SMA, was on site starting the characterization.

Good Morning,

Attached is an amended C-141 for the FLUFFY CAT 16 21 STATE FEDERAL COM #216H 30-025-45728. It has come to our attention the location information listed in the original C-141 are for well. The attached amended C-141 contains the location information for the spill. By adjusting the coordinates for the spill it moved jurisdiction from Lea County to Eddy County. If you have any additional questions please feel free to contact me.

Thank you,

**Subject:** (Notification) FLUFFY CAT 16 21 STATE FEDERAL COM #216H 30-025-45728

Devon Energy is reporting release on the FLUFFY CAT 16 21 STATE FEDERAL COM #216H 30-025-45728

Surface Location: J-16-23S-32E    2314 FSL    2154 FEL

Lat/Long: 32.3037158,-103.6780372 NAD83

The Release occurred at 6/7/2019 at 3:00 pm.

Released: 82.27 bbls treated water

Recovered: 5bbls treated water

This release occurred when a lay flat pressured up, causing a release into the adjacent pasture. Mesquite Water Services was the possessory of the water at the time of the release. Attached you will find the initial site evaluation and a C-141 will be submitted. I apologize for the late notification. If you have any additional questions please feel free to contact me.
