Nebechi Osia,

The OCD has processed the three C-141 release event forms submitted on 06/12/2019 for the Buckeye CO2 plant. The OCD tracking number for the releases by volume of release are:

138.33 Mcf - 1RP-5572  
446.11 Mcf - 1RP-5573  
222.95 Mcf - 1RP-5574

Note:

- Only the first two (initial) and last page (closure) of the C-141 form are necessary to submit for natural gas release events. Please do not submit pages three, four or five of the form.
- If possible, could the release volume estimation calculations be submitted as a PDF. I need to post the calculations on the administrative record online and the document must be in PDF format.

Thanks,

**Dylan Rose-Coss**
