Subject: [EXT] Produced Water Spill

OXY is the operator of the produced water pipeline that was breached by 3Bear Field Services, LLC on June 15, 2019 at approximately 2:30 PM. Approximately 100 barrels of produced water were released and subsequently cleaned up.

This spill may have been reported by OXY; however in an abundance of caution 3Bear is reporting via the attached C-141.

The BLM and SLO will be notified as necessary.

Thank you,
