Subject: [EXT] Extension Request -XTO- Eunice Monument South Unit 254 (1RP-5434)

All,

XTO is requesting an extension of the 90-day deadline of July 6, 2019 for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Eunice Monument South Unit 254 (1RP-5434). The release was discovered April 7, 2019. XTO initiated site characterization on May 8, 2019. A poly flowline released crude oil and produced water into the pasture at the site. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on May 24, 2019. Approval of the ROE permit and an arch survey of the site are still pending. XTO has sent regular reminders to the SLO to facilitate timely approval. Due to the pending approval, XTO requests an extension of this deadline until October 8, 2019.

Thanks,

Tacoma Morrissey
