Heather,

After review of the available data, the OCD has administratively processed the closure report dated 06/13/2014 regarding the Rock Lake 15 #1 (30-025-27233) release. The OCD District 1 Remediation Permit 4023 (1RP-4023) can now be considered officially closed.

Thanks again for bringing the release to our attention and let me know if you have any additional questions.

Regards,

**Dylan Rose-Coss**

**Subject:** [EXT] Rock Lake 15 #1 Closure

Dylan,

Thank you for taking my call earlier. I'm reaching out to see if we can get a records correction on a Marathon reclaim site. The site is the Rock Lake 15 #1 (30-025-27233). On file the OCD has a number of reports, both work plan and closure, and an initial and final C141. A quick review of the closure indicates that all final samples were within regulatory limits at the time, and the depth to groundwater determination appears to be correct. I've attached a figure showing the wells in the area and the logs of the most recently drilled well.

We would like to request closure of 1RP-4023.

Thank you again for your time, and have a wonderful holiday!
